The Group Leaders Training is to help you understand the role of a facilitator leading small Bible study groups which are to guide the Group Meeting and to ask good questions. The primary aim is to equip facilitators to help others learn the Bible effectively. The techniques are to help group members to share their understanding, listen to each other, learn together from God's Word and work towards applying their learning in Practical Application.

You will receive guidance, view videos on common mistakes, and learn to facilitate in a better way. There will be practical experience in leading Bible study during the **Group Leaders Training held online**. It will be very interactive, and you will be required to do some preparatory work before you come so we can make the most of our time together. TEEM will send you the Study materials and Lessons for the homework as soon as we receive your confirmation. It should only take you 1-2 hours to complete.

We trust that this will be a great time of learning together as we seek to grow as disciples in using the TEE Methodology. Kindly filled up the enclosed registration form and sent it back to us if you would like to attend this **Group Leaders Training (GLT)**.

- ❖ Select your Vision and Passion verses for sharing.
- ❖ You will be assigned to lead a group for practical applications for Abundant Life (Lesson 3-4)

This **Group Leaders Training** course prepares you to make disciples using the TEE materials available. The systematic training is designed to help you lead an 'Abundant Life' group effectively and fruitfully.

The SEAN method involves three parts:

1. **The Home Study**, which each group member will do, week by week, guided by their Student Book;
2. **The Group Meeting**, which you will lead, usually once a week, using the leader Manual.
3. **The Practical Application**, which your group will identify, during the meeting, and aim to put into practice in their lives.

This Group Leader's Manual provides an outline for each group meeting, to help you lead.

LEARNING OUTCOME - Your role is to guide the Group Meeting, and to **ask good questions**. Good questions help your group members:

- to share their understanding,
- to listen to each other,
- to learn together from God's Word and
- to work towards applying their learning in Practical Application.
