## Testimonial about TEE Courses in Malaysia

"TEE courses have helped raise a group of biblically literate, deeply dedicated, and highly motivated lay people who are now serving in various capacities at Good Shepherd Church, in Sandakan, Sabah. By using simple but effective lessons and exercises, life-changing truths are shared - line upon line, precept upon precept. It is a great discipleship program for any church to embark on."

- **Ven. Moses Chin, Archdeacon, Sabah Diocese** -

"As a Pastor, I desire to see my church members grow in spiritual maturity. I see in TEE course methodology through a) Home Study; b) Group Meetings and c) Practical Application as a very effective system. It provides a more structured and intentional way of studying God's Word that leads to a transformation of lives. Further, I see the TEE course as a way of training, equipping, and empowering all of God's people to serve in various church ministries. The Bible is the richest treasure of the world, but everyone has to discover it for themselves TEE course has truly helped me to discover what a treasure the Word of God is in my life."

- **Pastor David Low, Executive Director of HAGGAI Malaysia and Former Chairman of Evangelical Free Church of Malaysia (2013-2019)** -

"I gained new insights and understanding on Matthew's gospel and Acts through studying the Life of Christ course for two years. The lessons were interesting and useful, especially on the sequence of events in the three final years of Christ's life. They provided training in pastoral theology to our group and equipped us to train others after our study. The course is a most helpful resource for training in discipleship in our church."

- **Dr Living Lee, Chairman Elder of People's Park Baptist Church, Petaling Jaya, Selangor**

"I joined the TEE course after retirement from full-time Christian ministry. The systematic approach to doing the homework in preparation for class helps discipline in the study of the Word. During the Group discussion listening to others share their perspectives and experiences is enriching, humbling, and a very natural way to get to know people for who they are in the Lord. The TEE emphasizes take-home points which makes it relevant and practical in my learning."

- **Yap Heong Mong, Retired OMF Malaysia Executive Director** -
